BUNKHOUSE CHANGES

This season, we will not have the bunkhouse in the same capacity we've had in the past. Unfortunately the nightly rental (hostel-style) option was taken advantage of on too many occasions and it became unmanageable.

We may have a once-per-week, seasonal option opening up soon but with a very limited quality. More information on that in the coming weeks. For now, please do not plan on having the same access to the bunkhouse as we have in seasons past.

KEY DATES:

- **Oct. 28th** - Stevens Pass Job Fair; 10-2PM @ GPL
- **Nov. 4th** - Orientation; 8:00-1:00pm
 - **NEW EMPLOYEES**—Bring 2 forms of ID! (Drivers license + social security card OR passport)
 - **RSVP by replying to this email by Nov 1st**

INSTRUCTORS

Have you seen the [Chill Program](#) pop up on the Schedule Submission Form? Check out this video the Chill Foundation created to explain the program!

Interested in helping with Chill but not a snowboard instructor? That's alright! Let us know you want to be part of this awesome multi-week and we'll do our best to find a spot for you as an attendant, coordinator, rental support, or conveyor lift operator!

Guess who got first tracks for the season down Skyline??

None other than our Youth Programs Supervisor, Alicia and Seasonal Programs Supervisor, David... aka the newly official O'Donnell's! Congrats on first turns... oh and the wedding ☺

As we wind down in our local fire season and start to see snow and rain around us, please send good thoughts and positive vibes to some of our very own winter family- **Kai Keller** and **Ryan Downey**; they have both been deployed to the current fires in Northern California.
