## Snow Snow Snow!!

Happy Thursday! Have you been seeing how much snow is here this week!? Knock on wood for the “R” word perhaps later this weekend... keep snow dancing it’s working!!!

Here are a few important reminders going into another busy weekend...

**Reminder for Incident Forms:** Continuing a lesson after a fall or minor injury is common for students. However, if they report to patrol after the lesson we will need an incident report from you. The best thing to do is stay on top of it- if in doubt fill a form out! If anyone in your lesson takes a hard tumble, is complaining about pain, or has some other injury while with you, please be sure to fill out an incident report immediately after the lesson. It is important we take care of our students and ourselves as instructors; filling out this report helps ensure the guest and yourself are cared for.

**Reminder:** Instructors are eligible for complimentary rental (basic- sport package) on off-peak days unless otherwise directed to do so for an assignment. Please see this [calendar](#) for peak and off-peak days.
