What's New?!

ON-SNOW SAFETY UPDATES

With all the recent snowfall our mountain playground is the best it's been all season. But with plenty of winter left to come this is a great time to remind ourselves about some key safety topics; spatial awareness and smart decisions.

Across the company this season we have seen an increase in the number of instructor injuries resulting from collisions with people or objects. Please take the time to view [this short ~2min video](#) about "setting up a safe learning environment". We will be going over this and some tactics again at our line up meetings this weekend. Come prepared to share your tips, tricks and suggestions.
