

Snowsports THE WORD

Winter 20-21' | Issue 6 | Oct. 16 2020

Welcome back Winter!

IT'S HAPPENING!! Did you check out those webcams this week?? The mountain has gotten all dressed up for Halloween and hopefully more to come soon! Good work on those snow dances everyone and keep them up!

Save the Date!

We are excited to invite everyone to our next live event which will be open to new and returning staff! We will be reaching out soon to provide the link and further details on what will be discussed.

When: October 28th from 6pm-7pm

2020-21 Schedule Submissions are Live!

In case you missed Monday's email, the Instructor Schedule Submission Form is now live on our website. All new and returning instructors please take a moment to complete this. *Note that part-timer date selections are capped, and these may be tighter than in years past.*

We also want to acknowledge that you may be feeling uncertain as you await more info about our winter plans. **More info is coming at and after our October 28th live event.** Please feel free to submit your schedule now, and if your availability or comfort level changes let us know. Please do not hesitate to reach out to us with questions, especially if you would like some guidance. Remember that employees and verified dependents do not need to make mountain access reservations at Stevens Pass or any other Vail Resort!

Leadership Position Open!

We are looking to fill a Part Time Supervisor position within our Children's department! Be sure to check out the Stevens Pass Careers Page for more information and the application. In the meantime, if you have any questions about this position or want to express your interest, please reach out!

KEY DATES:

- **October 28th**- All staff live event!! Start thinking of your questions...
- **December 4th**- Scheduled Opening Date!

Did you know?

There are two railroad tunnels that run under Stevens Pass. The original tunnel was 2.63 miles long and opened in 1900 to avoid problems caused by heavy winter snowfall. The current tunnel is 7.8 miles in length and entered service in 1929. The current tunnel connects Berne in Chelan County and Scenic Hot Springs in King County and is the longest railroad tunnel in the United States.

Training Corner

PSIA/AASI Scholarship Opportunities

Do you want to attend clinics and improve your teaching or sliding skills but don't have the finances to pay for the training to reach your goals? PSIA/AASI offers scholarships that can get you access to a multitude of events.

'Tis the season to start applying for scholarships toward your professional development goals. Whether you are a new instructor or a seasoned veteran, you can always improve. Check out these local and national scholarship programs through PSIA/AASI.

PSIA-NW Educational Fund

Who is eligible? Any member in good standing for at least two continuous seasons.

What type of training does it cover? Any PSIA day clinic, not exams or membership dues.

When is the scholarship deadline? Dec 15th, 2020.

Click here for more information:

<https://www.psia-nw.org/membership/scholarships/>
