Friday the 13th

Great life advice for any day really... Crazy to think the last Friday the 13th we had this year was the closing weekend for the 19/20 season! Luckily this month's 13th has brought us a great storm to help slide towards getting back on the snow.

Check-ins Begin:

Earlier this week we emailed everyone the details of the next steps in the onboarding process with a form attached to reserve your spot!

How do you know if you go the spot? Return to the calendar and take a peak, if you open the time box you selected it should list the information you entered! New employees, your Epic/LIFT login information will be sent once we know your check-in date!

Want to Be Important and Carry a Clipboard?

We are in search of several team leads to help organize and support lessons this season. If you are interested in a leadership opportunity then this is your chance! It is an excellent opportunity to learn more about the inner workings of our department and have a positive impact on our guests and staff. If this sounds like you please apply via the website [Here!](#)

Instructor Schedule Form Update:

Thanks to all instructors who has submitted availability so far! We also know that some of you have been in to submit and found days full and unavailable.
