SUMMER WORKOUTS

ROLLERBLADING / LONGBOARDING

Adults

The Grand Finale of group lessons goes out this Saturday. This will be our last group lessons for the season!! Remember to keep it safe in the sun. Helmets & gloves are essential for spring fun! To all the Instructors that I had the pleasure of working with this season, a HUGE thank you! Time to pop the cork!

Connections

Just because the snow is about to melt doesn't mean that we can't continue to build relationships with our guests. The off-season is a great time to connect with guests from the winter past and make plans for the following season. While the memories of great lessons and awesome days shared on the mountain are fresh in the mind it is a great chance to reach out and get an idea of their plans for lessons the following winter. This is something that our most requested pros in private lessons are great at and it's one of the reasons that they are successful in that space all winter long. If you would like tips and tricks for this, please reach out to the leadership team.
