ME WORKING FROM HOME

ON HALLOWEEN

We hope that everyone has a wonderful Halloween weekend working or not! We can't believe starting on Monday we will be in our last month before opening for the season!

[Don't forget to schedule your instructor training if you still need to, info in the last WORD!](#)

Speaking of the holiday this weekend... Do you have your costume all picked out??

[Here are some great Snowsports options to consider!](#)

Submitting your winter work schedule

Already done?

Wonderful and Thank you! We are working to release schedule approvals through this coming week, for our returning staff this will include your formal offer for the season that will state your updated pay rate.

Have you not submitted a schedule yet?

Form will go live again: 11/1/21

Please take the weekend to look at your personal calendar and to get an idea started of what you would like your season to look like! Once the form is live Monday, please be sure to submit as soon as possible!!

For those new to this process, our [schedule form](#) will walk you through what commitment you need to meet and total your schedule points at the bottom. This is a live form so as options fill they will become grey and will not allow you to select them. Please submit what you can commit to work and we will follow up with you after!

Staying Safe!

We've only gone and done it again! Another week without an injury. This makes 285 days since our last injury, or 90/90 days injury free since August 1st the start of the 2021-22 season! In other news, SR-285 is also one of the shortest highways in WA running through Wenatchee for just 5 miles.
