ROLLING INTO SUMMER

Welcome to the very first ever summer edition of the WORD!! This will be a bi-weekly update of what the school & mountain is up to during the dirt season. While your Admin is off enjoying some free time through June/July, the summer team will help keep the fun going! Don't worry though, she'll be back in August. We hope you are enjoying the change of season, catching up on your rest and, please say hi if you find yourself up here during the **BIKE PARK** season!!

Leadership Update:

Carrying over from the winter, **Jeanine Chase** will now oversee Bike Lesson/Hiking operations too! This is an exciting opportunity for her to expand and leverage her skillset.

Please help us congratulate and welcome Jeanine into her new role!

The Wait is Over!

On May 15th we were finally able to install the NEW boot drying system in the SSBS locker room! It took a little creativity and skill to sled them into the back entrance of the building but after a few trips our awesome vendor was able to get them on the wall with fans pumping air through each boot spot. We hope your feet will be dryer (& less smelly ☺) than ever next season!
