## Changing Seasons

Time is sure flying by lately! This week we say farewell for now to the Bike Park and shift our full focus to winter mode... With this change, it does mean it's time for the good ol winter WORD cadence to pick back up! Moving forward this newsletter will be coming to you every Friday, packed with the information you want to know ...(& a few extra cat/dog memes)...

**Looking for housing?** Let us know! We are compiling information to see where we can help make connections and share resources.

## HUGE thanks to our Bike Park Staff!

Thank you for all your hard work and flexibility this season. We had a small but mighty team and I appreciate how willing you all were to jump in and help out wherever we needed. We couldn't have gotten through the summer without you this season and I hope to see you all next year as well!

Also, please make sure that you have cleaned out your locker and collected all of your belongings out of the locker room by the end of the day on Sunday, October 2<sup>nd</sup>

-Jeanine Chase, Supervisor

## Fall Get Together

Come share a meal, catch up and get to know some new friends! We will be supplying the main dish and would love to potluck some sides with you all. We'll be rocking a spooky theme for the day so feel free to get creative with what you bring.... 🍷

If you are new to the school, we will be open to hosting your I9 on this day to save you a trip in the future! We will release a sign up form to schedule your check-in time in one of the later editions of this newsletter, so keep an eye out for that! In the meantime, please be sure to locate your [I9 documents](#) as you will need to bring the original/physical copies to complete this step.

\*\*\*This is an optional event and there will be other opportunities to complete this step, so no worries if you are not free to join.\*\*\*

More details will be shared in the next edition!

# Leadership Update

It is my pleasure to announce **Bill Shearer** as our new Adult Programs Supervisor!

Bill comes to us from Brundage Mountain Resort in Idaho; there he most recently served as the Snowboard Instructor Lead and On-Snow Supervisor. That said, his passion for Snowboarding started much earlier, around the age of 7. Since then, he has acquired his AASI Level II, Freestyle and Senior Specialist accreditations plus a degree in Outdoor Recreation. Personally, I'm very excited to see what Bill will bring to the role and I know he is eager to jump in as well! Please help me in welcoming Bill to the team and make sure to introduce yourself! —*Alicia O'Donnell, Manager*

# It's Home!

## SIS Background Checks-Update

Thank you to all who reached out this week!

As it turns out, Monday's SIS background check and law violation question reminder email was accidentally sent to ALL SIS employees. Moving forward, this will be corrected to ensure the correct population receives the reminder email. Anyone who has already completed their background check or law violation question does not need to complete it again. (Yay!)
