

Ski and Snowboard School

THE WORD

Winter 22-23' | Issue 8 | Dec. 2, 2022

We are Open!

Happy Opening Day!!

And, what a wonderful day it was; having the locker room full, seeing faces both new and familiar and being able to slide on snow!

Today we operated lifts: Brooks, Skyline, Hogsback, Daisy, Kehr's, 7th Heaven and, both Pika and Marmot carpets. We expect to keep this same footprint Saturday and Sunday.

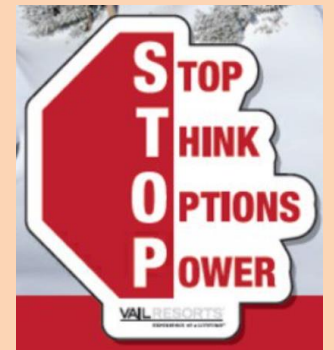

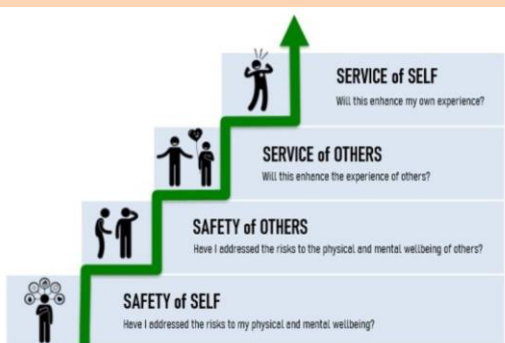

Thanks to everyone, who showed up today to support our operations instruct, or participate in training! We look forward to welcoming more people tomorrow and carrying this momentum into the weekend.

If we can do anything to help answer questions and help better prepare you please let us know. Thank you again for all your patience, commitment and supporting one another.

Terrain Management

With the current snow conditions and early season coverage, we are restricting lessons to on-piste terrain.

As well, with terrain limited to the front side, be mindful of other skiers/riders on the mountain. Look for terrain that is less busy and always position yourself and your class off to the side of a run where you are visible. If you are unsure, remember the Decision Making and STOP Models.

Equipment Inspections

Still need to get your gear tested? If you are a snowboarder, please see Ken Bailey (Private Lesson Supervisor) to complete this task. For skiers, please visit the Repair Shop, located in the Tye Creek Lodge between M-F. Gear will not be accepted for testing this weekend.

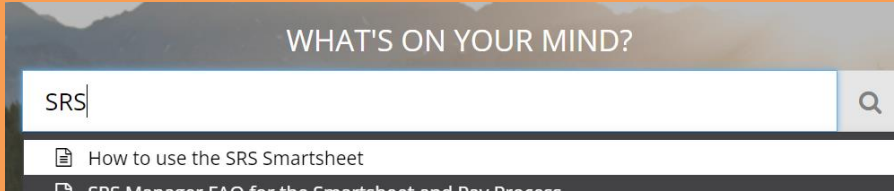

KEY DATES:

- **Friday, Dec. 2nd** –Opening Day!
- **Wednesday, Dec. 21st** – Winter Solstice

Submitting a Time Card

All instructors will record their time using our digital timecard. To access, follow these steps (*you must be an active employee and logged into EpicEmployee*).

Navigate to the **EpicEmployee App** > Click on the **Direct Connect: Learn & Get Help** tile
Search "SRS" in the search field

Select the ["How to use the SRS Smartsheet" Knowledge article](#).
Follow the [link to access the Timecard](#).

Don't yet have EpicEmployee?
Click to [Download the Apple app](#) Or [Download the Google app](#).
