

Ski and Snowboard School **THE WORD**

Winter 22-23' | Issue 28 | May 12, 2023

Happy May!

Hope you all have been enjoying the start to the off-season. As we roll into the summer, The Word will shift to a biweekly (twice a month) cadence.

As well, while most of our leadership is away for all or part of the summer, we are still available to answer questions and connect. Emails are always received by SPSchoolStaff@vailresorts.com.

In addition to the two Managers, Alicia and David, Mike (Training) and Christie (Admin) will also be around this summer. This is the first off-season that we will have a training presence; we are excited to see the positive impact from this!

Early Seasonal Program Launch

Also, new for this next season, we are launching Seasonal Program registration early! Along with guests who participated in the program last season, SRS SIS employees will have the option to register for these programs before the products launch live to the public.

Early registration will start at the end of this month with a special link sent via email. Registration for guests who did not participate in the program last season will become available in the fall, similar to prior years.

Over the past few seasons we've consistently sold out of these programs. Creating these exclusive links will allow us to prioritize our return guests and employees by honoring their loyalty to our school and resort.

Pulling the launch forward is no easy feat and requires significant coordination across our mountain and central teams. A huge kudos goes out to everyone involved in the process.

Intent to Return

ICYMI: Intent to return letters were sent out last week. Thanks to everyone who has responded thus far. **Please complete the form by May 26th** if you haven't already.

If you are undecided, that's ok. We understand that things can change between now and winter; any information helps us as we plan for next year. Thank you!
