

THE WORD

Summer 23' | Issue 8 | Sept. 15, 2023

Summer is wrapping up and winter is quickly approaching. This means it's time to start getting our head's in the winter mindset and take stock of where we are at and where we want to be.

As is practice for SRS, we will be putting schedule submissions on pause. We will open these back up towards the end of this month to all staff, returning and new. If you haven't already submitted your schedule, now is a great time to start thinking about your commitment.

New Team Lead — Josh Amos

We are excited to announce that Joshua Amos has accepted the position as our newest Team Lead in the Ski & Ride School! Josh joined us last season as an instructor and notably achieved his L1 in not one but two disciplines! Previous to working here he served in our military and amassed a broad spectrum of experience (including leadership skills) in other roles.

Some fun facts about Josh:

He has been to 49 states, owned 31 cars, hiked Pikes Peak 7 times, and it the first member of his family to become an airborne ranger! Josh's favorite flavor is pumpkin spice and he is a huge Taylor Swift fan. This is how he earned his name "T Swizzy".

Please join us in welcoming Josh into his new role!

Job Opening — Supervisor

Looking to expand your scope and step into leadership? Here is your opportunity; we have added a new Supervisor Role to our team! If you are interested, or want to learn more, [apply now!](#)

Disc Golf Challenge

September's event was a disc golf challenge. It was a battle of team Dolphin and the Hotshots with the Dolphins taking the win! We played 9 holes and had a blast. If you haven't made it up to the pass this summer, the disc golf course is a great way to get out for some fun on the mountain. Next up, we are planning a "Pro Night" at Sturtevant's in Bellevue. They will keep the store open for us after hours so we can sip some beverages while we browse the store or sort out boot issues. More details on that to come

EOS Bike School Rally

The Bike School staff (including Scanning), had their end of season party/rally on Saturday, September 9th. Although the number of staff is small compared to our winter operations, they wear many hats and do all the jobs that are needed to run a bike school. From scanning to mouse patrol, to lessons, they kept our winter abode in top notch shape. A big thanks to this year's crew, Jennifer D., Brennan G., Brendan B., Elena G. and Kris A. for all your rad work. See you next Bike season.
