

Winter 23' -24' | Issue 5 | Nov. 10, 2023

It's snowing at the resort! While it's still too early to know how this storm (and the one's that follow) will stack up, it's nice to see the resort turn white again.

As we move towards the weekend, we also want to take a moment to acknowledge and thank our employees who are past or present members of our Armed Forces. In honor of their service, we also want to announce a new addition to our Employee Inclusion Network: the **Veterans, Partners, a Allies Group**. This is an employee-founded and led community. If you are interested in learning more, [please complete this form](#).

Training Corner

At the Interski Congress in 2023, Anne Shorling presented her master's thesis on gender equity in snow sports instruction. [Check out the video](#) below:

Getting your Employee Pass—My Epic App

Following last week's word...Did you know! Season Pass Holders* can now upload their pass to their phone for lift access! Simply download the My Epic App and follow the steps. In addition to lift access, your mobile pass will also scan for discounts in food & beverage outlets, retail and, hospitality locations.

Please note, that all employees/dependents will need to first have a physical pass and, employees still need to keep their physical pass on them while working. *As well, at this time, the My Epic mobile pass will not work for certain specialty season passes.

Employee Spotlight—Charlie Hall

Greetings from Keystone!

While on a road trip, Charlie made a pit stop at Keystone to enjoy some early November turns! He said it was nearly spring conditions and, based on the picture, we would agree. Way to get after it Charlie! And, would you mind bringing some of that snow back with you?
