

Winter 23' -24' | Issue 7 | Nov. 24, 2023

We have finished our last planned indoor training! It's been great gathering everyone up here and getting the season kicked off!

As we approach our targeted opening day, be sure to keep an eye out for communication from us and, from the resort. Our Mountain Ops team is watching closely and will make the call once they are able. In the meantime, if you want to see how it is all stacking up, **check out the resort webcams.**

Lastly, we hope you all had a wonderful Thanksgiving day! Our team is extremely thankful to be working alongside such talented individuals and we appreciate you choosing to be a part of our team.

On-Snow Readiness

As we near opening and/or on-snow training, we want to make sure you have all the pieces/info to be successful.

First, if you missed picking up your **uniform**, we can pull this for you ahead of time. Simply **complete this form** and we will have it ready in the locker room.

For **employee season passes**: if you have yours from last season, those should activate upon completion of all required onboarding tasks. For new employees, you can pick these up at the Granite Peaks Lodge pass office. The pass office is open everyday during from 9a—3p. Again, all onboarding tasks will need to be completed first.

Having an active employee season pass is needed to ski/ride the mountain, check your schedule and to access on mountain discounts in F&B and our Retail outlets.

Gear Inspection: For snowboarders who still need to complete the inspection process, we can do this in dept. on your first day. Simply let us know and we will walk through the process with you. For skiers, the repair shop will be accepting gear Monday Nov 27 - Nov 29 from 9am-3pm. As well, daily, once we are open.

Have additional questions, let us know! We did send info regarding on-snow training earlier this week and will follow up again as we get closer to scheduled dates.

EpicEmployee App

If you haven't already, we recommend downloading the EpicEmployee App to your phone. This App will be useful to access the new payroll app, helpful information, resources and more.

Click here to [download the Apple app](#)
Click here to [download the Google app](#).

Otherwise, EpicEmployee can also be accessed from a computer, tablet or phone web browser at EpicEmployee.Vailresorts.com

Employee Perk—PNSAA Mountain Exchange

In addition to the Vail Resorts that your employee pass gets you access to, Stevens Pass is also a part of the PNSAA Mountain Exchange network.

If you are looking for an opportunity to ski/ride for free at other PNW resorts, look no further. Simply **fill out this form** and follow the steps. Please note: all requests must be made at least 3 days in advance and require manager approval.
