

THE WORD (SUMMER)

May 29, 2025
Issue 3

It's nearly June and only a couple of weeks until the start of Bike Park. The snow is nearly melted, and the lift maintenance crew has been hard at work this last week prepping our Hogsback lift for summer operations.

We will begin onboarding summer staff in the next couple of weeks so those folks should stay tuned for more info.

And, if you are interested in visiting us this summer, we will be opening on June 28th! In addition to biking, there are plenty of fun activities to explore including Disc Golf, Hiking, Scenic Chairlift Rides and more. We hope to see you up here.

In the News

This week, it was announced that Rob Katz will be returning as Vail Resorts CEO.

You can learn more and Read Rob Katz's letter to employees [HERE](#).

Winter Hiring has started

We are kicking off the hiring season with our first department job posting:
Certified Instructor.

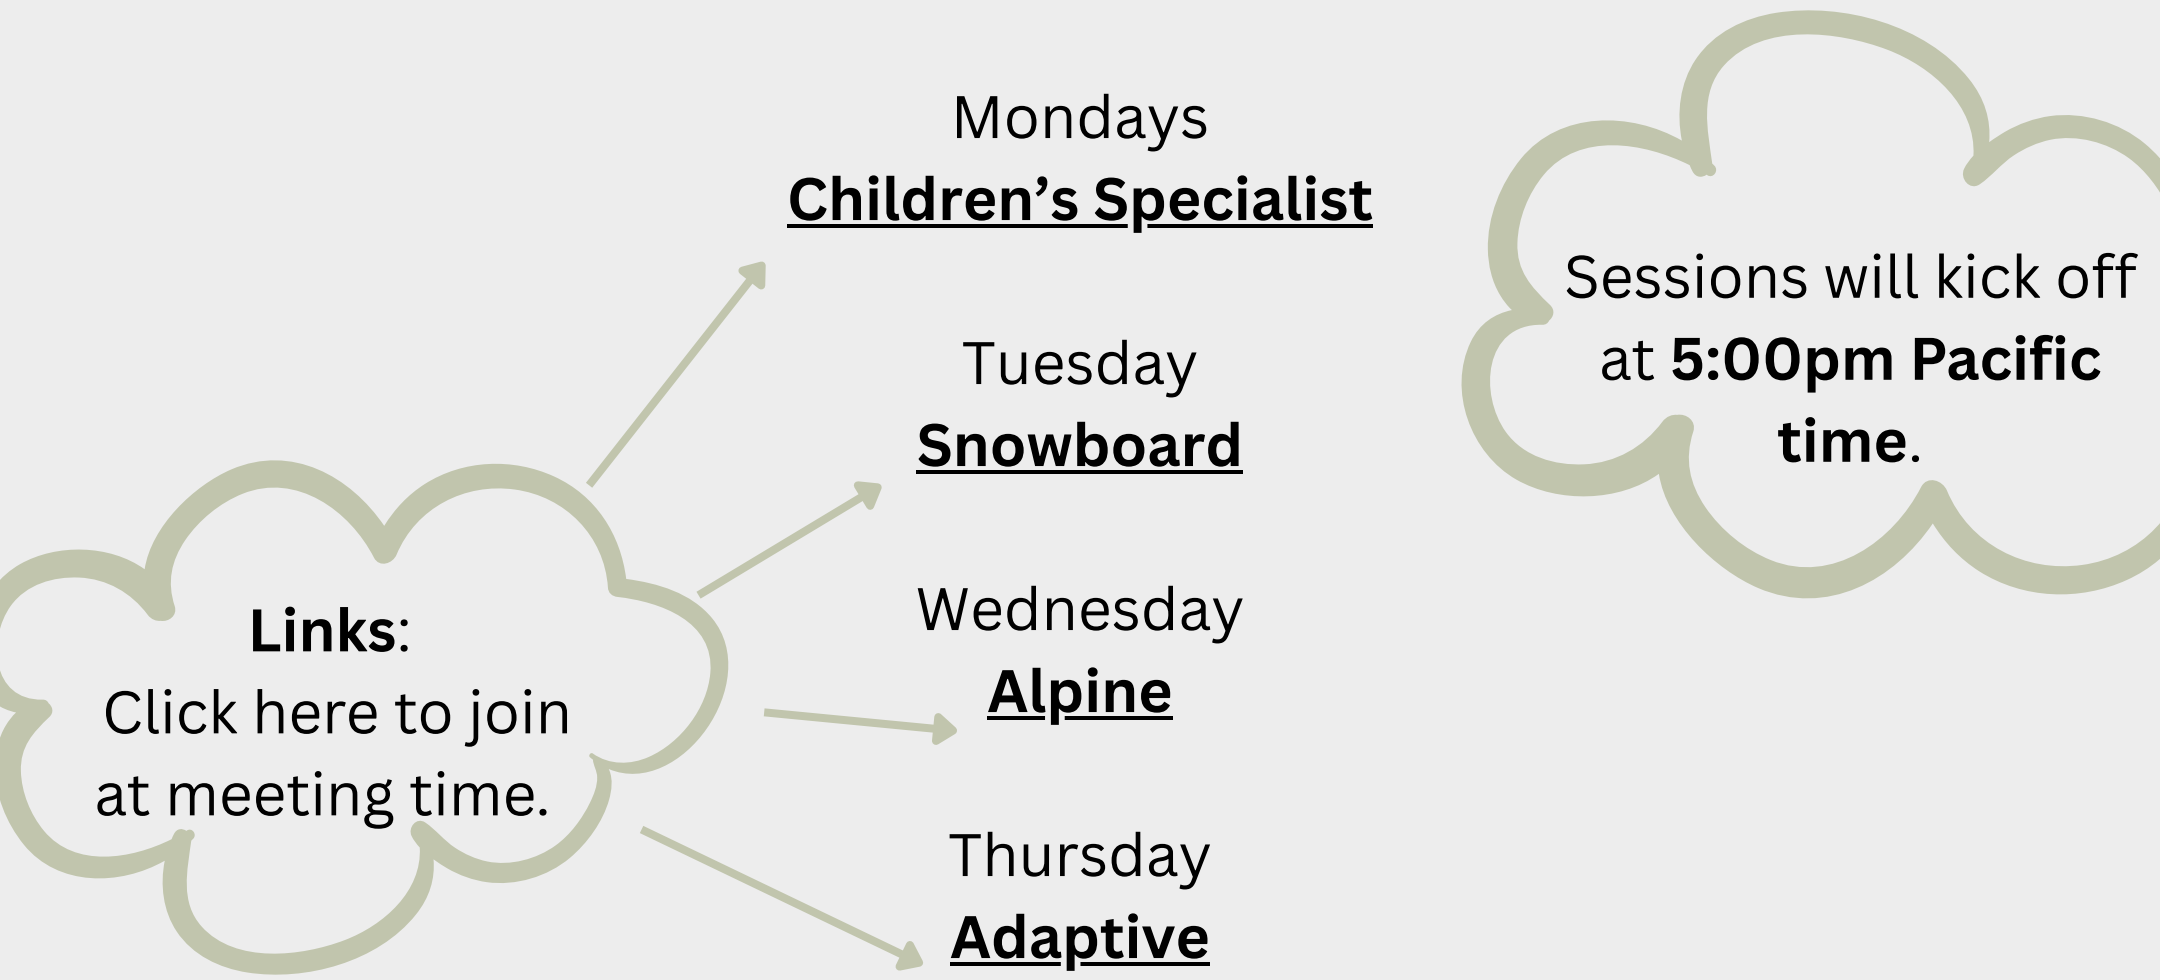

If you know anyone interested in joining our team, please let them know and have them apply. And, for those folks new to the resort and role, our **Non-Certified Instructor and Support job postings will be launched soon.**

As a reminder, all staff ending in good standing and, on SIS (Seasonal Inactive Status), do not need to reapply. If you have questions about this, please reach out to us.

Summer Training Series

Stay sharp this off-season with our Virtual Summer Training Series!
Starting June 2, join us Monday through Thursday for dynamic sessions that rotate through various disciplines and cover the topics listed below. Check out the schedule and links below to get started.

SUMMER VIRTUAL CLINIC SCHEDULE

Clinics Begin June 2nd

6:00 PM - 7:30 PM, Mountain Time Zone

WEEK 1

MASTER TALKS

The monthly topic is presented by a clinician in a “master class” style and format.

WEEK 2

CLARIFICATION

Clinician briefly reviews previous week, clarifies key points from the topic, solicits and answers audience questions, and dives deeper into concepts.

WEEK 3

PRACTICE

Participants and clinicians work together to identify and discuss the topic., split into breakout groups for guided practice, reflection, and focused discussion.

WEEK 4

APPLICATION

Participants present their understanding of the topic. May include Movement Analysis, Technical Analysis, and/or demonstration of teaching models/concepts.

WEEK 5

WILDCARD

Extra week of the month, multi-disciplined “Tech Talks”, from advanced educators.
