

THE WORD

October, 23 ‘25
Issue 3 | 25-26

Hello All! We are in full swing here at the office getting things dusted off and ready for your arrival. This issue we revisit some of the nuts and bolts for pre-boarding & onboarding, a small request from your Admin, an exciting introduction to a familiar face, and as always... some winter stoke. Keep those questions coming to the staff inbox, we are working to get questions answered and the processes demystified as fast as we can.

What stage are you in?

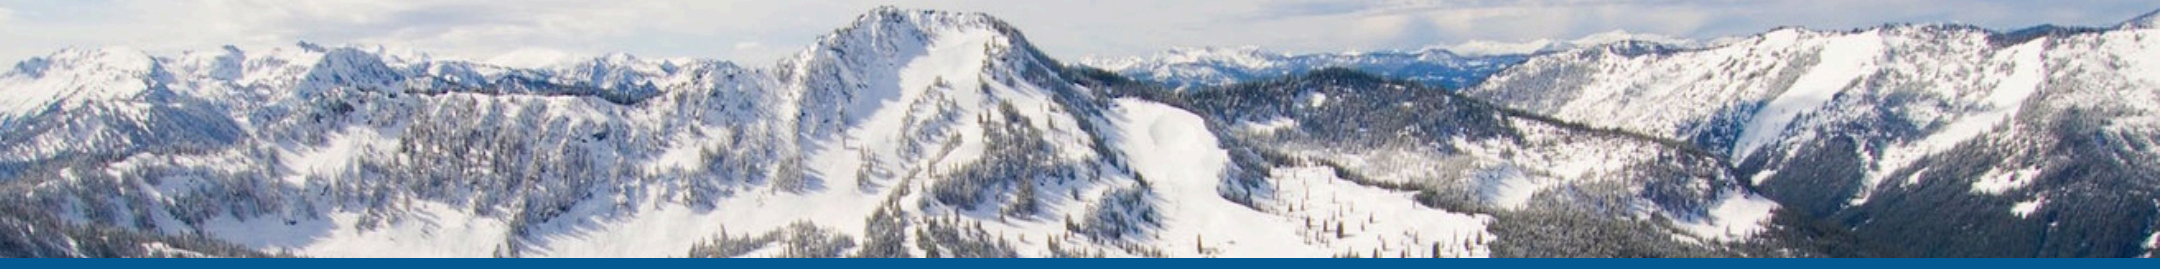

Team members will be moving from “pre-boarding” to Onboarding in batches as your indoor training dates get closer and closer. If you still have not found the email from Peole Soft to finish the pre-boarding block of this chart, try looking for it in your spam or junk. Once you phase into Onboarding you will receive more communication from Vail, keep an eye out for these emails, they will include info on all your next steps.

Uniform Time!

Adrienne is on a mission this season to make this process as painless as possible. Help to accomplish this goal by submitting your size information using the form link below.

Feel Like some Extra Cozy this Winter?

The Mountaineers have been hard at work at their cabin and are offering the team a discount code to stay with them this winter season! Head to mountaineers.org and use this code when booking: **LOSL26PRO25**

Welcome Nel Lisa to the supervisor team!

Hi I'm Nel Lisa Carper your new Multi-week supervisor! Many of you know me from last year as the Lead. A little about me; I was a social worker and a teacher for many years before I decided to move on. I have been skiing since I was 5 years old, my dad was a former ski instructor, and I rode the ski bus up to Stevens for many years. While in college I learned how to snowboard. I'm a little obsessed with Mickey Mouse you will often see me wearing him. I love my family more than anything, I have 2 grown boys, my youngest Josh is the pink cowboy hat instructor. My oldest son is Cobey also comes up often. I love anything outdoors, skiing, snowboarding, snowshoeing, hiking, biking, playing soccer or pickleball to name some of my go to activities. I'm always up for an adventure.
